# Inauguration of Shanti Sahyog Dental Centre

On 13<sup>th</sup> March 2014, our Dental Centre was formally inaugurated by Ms Lisa Usback, Consul-General, Australian High Commission. We had invited HE Mr Patrick Suckling, High Commissioner of Australia to do so, but he was unable to spare the time due to his busy schedule. Ms Lisa Usback was accompanied by Kate Sullivan, 2<sup>nd</sup> Secretary (Political), DAP Chair and Perna Seth, DAP Co-ordinator. A journalist was also present on the occasion. On her arrival at the Clinic, Ms Lisa Usback was warmly welcomed by our President, Sr. Vice President and Shanti Sahyog Staff. After inaugurating our Dental Centre, Ms Lisa Usback inspected it carefully and enquired in detail about its working from our dentist, Dr. Deepti Khanna. She also interacted keenly with some of the slum beneficiaries to ascertain how they had benefitted by the dental treatment at the Centre. She was quite pleased with their feedback. Kate Sullivan briefed the journalist about DAP funded Projects.

Though it took some time to find the proper location for our Dental Centre as it had to be easily accessible to the dwellers of the 17 slums we work in, it has gradually become popular. In the past six months, 127 persons have sought treatment. As was the intent, poor people have benefitted by this Centre as they have been able to get dental care and treatment at very subsidized costs. The information about our Centre has spread greatly by word of mouth through our beneficiaries who are very satisfied by their treatment. We foresee our Centre acquiring a great reputation and clientele with the passage of time. We once again thank the Australian High Commission, for helping us realise our goal of providing dental care at affordable rates to the underprivileged!

#### Our Work

Since the past decade, our Gandhian NGO - Shanti Sahyog, has been serving the underprivileged in 17 urban slums of Delhi (Kalkaji/Govindpuri area) with a focus on women and children in the areas of literacy, health care and women empowerment. We are empanelled with the **National CSR Hub**, Tata Institute of Social Sciences, Bombay and recipient of **Rajiv Gandhi Global Vision Award 2012**, **Karmaveer Puruskaar 2013**, & **International Women Excellence Award 2013 & 2014**.

#### Why we need a Corpus Fund

So far our work has been facilitated through funding from various governmental and private agencies and individual donors. As we have grown in our programs and scope of beneficiaries we are very often left stranded, when promised funding fails to materialize or there are month long delays in delivery of funds. Most of our project workers are supporting their families on the not very generous salaries that they are given by Shanti Sahyog. We believe that it is their right as an employee to be paid on time and with respect to their work. With inconsistent and inadequate funding we are always insecure about the future of our projects and our employees.

To secure our independence and to allow us to keep serving our disadvantaged brothers and sisters, we have decided to build a **Corpus Fund for the Shanti Sahyog Education Project for Urban Slum Children**.

#### What You can do

With your help we can secure the future of slum children who deserve a chance to break the cycle of poverty and fulfill their potential. We make a fixed deposit with your **donation of Rs. 5,00,000** and use the interest to create a **scholarship in your name** that will pay for the education of one child till graduation. After which another child will be sponsored.

Since we have **80G Certificate you will actually be paying Rs. 2,50,000/- as half the amount of the donation will be deducted from your taxable income when filing your annual ITR.**

**You can also contribute to our General Corpus Fund – minimum donation: Rs. 1,00,000/-**

We invite you to visit us and witness firsthand how we are creating a just world, free of poverty and violence.

# We have been doing nothing in the past except... **Grow!**

For 6 decades we have been nurturing growth. Growth of our brand. Growth of our associates. Growth of our consumers & shareholders. From just 10 pairs a day we now produce over 50000 pairs a day. In the process we have built our world class production facilities in to state of the art Humantech Centres. With our growth we have seen the growth of 6000 people who work with us and also the millions who have grown in prosperity being indirectly associated with the brand. We have touched the lives of over a million people who have shown faith in the brand and have come back to us again and again to experience and enjoy the brand comfort and promise. We have nurtured their growing desires in our brand. We have ensured a growing group of investors who have shown faith in the brand and have constantly worked towards growing and building upon their faith in us and we have assured them delivery of promises. This desire to nurture growth has pushed us to look beyond the ordinary. To walk the paths never travelled. With a focus of being about people. To rever the mantra of growth!!
